Experiences

Research Intern — September 2026 – Present
SRM IST FET, Chennai Ramapuram — Chennai, Tamil Nadu, India

1. Local LLM Server: Creation and Implementation of a local LLM server for the placement office under the Faculty of Engineering and Technology at SRM Institute of Science and Technology at Chennai Ramapuram.
2. ERP overhaul: Design and maintainance of ERP used by the study counsellor department for the management of incoming students.
3. Under the guidance of Dr. M. B. Sudhan (FA and placement coordinator) and Dr. Rama Chaithanya Tanguturi (VP academics of SRM IST).

President, Entrepreneurial Cell (e-Cell) — August 2025 - Present
SRM Group of Institutions, Chennai Ramapuram — Chennai, Tamil Nadu, India

Leading the student body of SRM Group of Institutions' entrepreneurial cell under the Incubation Centre (R. Shivakumar Research Foundation) where we are tasked with handling events such as hackathons, organising trips to startup expos and evaluation of new ideations, providing feasibility report and guide steps to be taken at nascent stage.

- Evaluate incoming startups and ideation reports as part of the technical dev team, assessing viability using SWOT-based frameworks.
- Conduct and arrange hackathons, events, workshops for students of both college and schools.
- Manage large scale state level events (10,000+ participants) from e-Cell's side, with prominent CEO and state ministers such Assembly Speaker of TN, Sports Minister of TN, MSME Minister of TN, StartupTN CEO, etc.
- Developed an ERP dashboard (.NET, Supabase, Bootstrap) to manage startup registrations, intern management, and event organization.
- Reduced time to register for a startup for the incubation center by digitizing the process and ability to update the user's content and profile.
- Admins get the ability to check the status and history of startups in terms of profitability, workforce size and other metrics in a visual manner with the implementation of a more consolidated database and graphs via Chart.js.
- Organized and led technical teams for hackathons.
- Working under the direct guidance of Karthick K., Head - Startup, Innovation and Entrepreneurship, SRM Group of Institutions, Chennai Ramapuram.

Junior Backend and Frontend Developer — June - July 2026
Financial Company India, The Boston Group (TBG) — Hyderabad, Telangana, India

Led a complete overhaul of The Boston Group's Financial Campus India portal (user, admin and super-admin pages).

- Stack: React TS, ASP.NET Web API, Microsoft SQL Server.
- Conversion from .NET 4.0 WebForm to ASP.NET Core Web API for backend and React TS for frontend.

- With the application used by prominent private and state run enterprises such as NTPC, for employee training, the user load sits around 2,000 concurrent users with more than 1,00,000 total users spread across companies.
- The webapplication focused on massive concurrent user handling.

Mobile Application Developer December 2025 – January 2026
NTPC Ltd, Dept. of IT & Software Hyderabad, Telangana, India
Worked and deployed a cross OS, native mobile application for NTPC employee's health records dashboard and document manager.

- Developed a React Native cross-platform app using camera, async storage, multi-drawer navigation and status bar customization.
- Used Postman for API testing; integrated RESTful/OAuth APIs and organsation's own user DB.
- Intended by use of NTPC employees for their health records.

SSO Login Management for User Dashboard August 2025 – September 2025
NTPC Limited (Freelance) Hyderabad, Telangana, India

- Designed and implemented a secure login and verification page to download the admit card for NTPC's Electron Quiz 2025.
- OAuth, Login Portal integration.
- Accessed by 1,000 concurrent users for viewing and downloading hall tickets and followed by certificates.

Projects

1. Local LLM server, SRM IST FET, Chennai Ramapuram (Research)
Python, Node.js
Creation of a locally run LLM server to manage student speech inputs and analyze them for HR bases question round for training purpose.
NDA for source code.

2. ERP Portal, SRM IST FET, Chennai Ramapuram (Research)
.NET, ReactJS
Management and bug removal.
NDA for source code.

3. Financial Campus India, The Boston Group Dashboard overhaul
.NET, SQLServer, React TS
Admin and super admin dashboard overhaul for TBG by changing service logic by keeping DB schema as same for direct integration.
GitHub: CosmicCosmix/FCILearningAPI

4. NTPC React Native Application
React Native, Postman, OAuth
Cross-platform app for NTPC using camera, async storage, multi-drawer navigation and more.

5. e-Cell ERP System
.NET, Supabase, Bootstrap
Full ERP dashboard tracking startup registrations, intern management, event organization, and startup development status.

6. FlowFund
Flutter, Dart, SQLite
Cross-platform mobile app finding MSME business loans across banks/government schemes with AI-based interest rate comparison.
GitHub: CosmicCosmix/UdyogSetu-01-backend

7. ChargeKaro
React Native, .NET Razor Pages, ASP.NET Core, Supabase
P2P EV charging marketplace connecting households with surplus power to nearby EV drivers via IoT smart adapters and dynamic Uber-style pricing.
GitHub: CosmicCosmix/chargekaro

Hackathons

- Google Developer Group S3, Nellai Hackathon | Among the 24 finalist teams from 3600 teams
- Inception World Model Hackathon II, Banglore | Among the 5 finalist team from 1200 teams | Won $300 in Claude credits and ₹2,00,000/- in Reactor credits.
- Build with Bharat 2.0, NIT Delhi | Semi-finalists
- Smart AI India Hackathon
- VIT DevHub | Track winners
- Nxtgen, Easwari
- AcadFlip

- VIT DevHouse
- SIH 2025 | Cleared 3 rounds
- Nellai Hackathon, StartupTN, Chennai
- SRCAS Hackathon 3.0
- Prismatic, Easwari

Education

SRM Institute of Science and Technology, Ramapuram, Chennai — April 2025 – April 2029
Bachelor of Technology, Computer Science

Sant Haridaas School, New Delhi
Class 11th – 12th

Delhi Public School (DPS), Raipur & Bhopal
Earlier Education

Additional information

- **Spoken languages: English (full professional), Hindi (full professional) and Odia (native).**
- Maintaining a CGPA of 9.45/10
- Lived in 9 cities across 8 states and UTs (Surat, Kolhapur, Raipur, Bhopal, Gadarwara, Meja, Delhi, Hyderabad, Chennai) due to family relocations, adapting to new schools, languages and communities each time.
- Coordinate with stakeholders from school students to state ministers, across varied regional and economic backgrounds.
- Class Representative, Semesters 1-4.
- Seeking roles where working across regions, languages and stakeholder levels is part of the task.
